

## WORK OF CONGRESS IS ALL LAID OUT

### LEGISLATIVE PROGRAM FOR THE WEEK.

**District of Columbia Measures Will Largely Occupy the Time—Conference Report On Rivers and Harbors Bill—Question of Immigration—Washington News Notes.**

Washington, May 18.—The present week in the senate bids fair to be given up largely to matters pertaining to the District of Columbia. The consideration of "the dollar gas" bill will consume considerably more time, and when it is disposed of the district appropriation bill will be taken up if it is not cut out by the conference report on the legislative bill.

It is thought that the district appropriation bill will lead to much discussion. There are numerous items in it that will call for explanation and provoke antagonism, not the least of which is the amendment changing the house provision cutting off the specific appropriations for charitable institutions. It is alleged that many of these concerns are sectarian, and there will be an effort to have the house provision restored.

It is thought that there will be an effort to have the legislative, executive, and judicial appropriation bills recommitted for further consideration of the provision in regard to United States commissioners, as the house provision, which the senate conferees have accepted, is distasteful to many of the senators.

It is believed that the conference report on the rivers and harbors bill will be made early in the week, but whether this will consume much time will depend on how many of the senate additions the senate conferees may concede to those of the house. The senate managers are still disposed to press the appropriations to the exclusion of other business, and will have the fortifications bill ready to take up as soon as the district bill and the conference reports on the other appropriation bills are disposed of. There are still three appropriation bills which have not received the attention of the senate. These are the District of Columbia, fortifications, and general efficiency.

The house probably will devote much of its time during the week to the consideration of conference reports on appropriation bills. It is thought that the conference reports on both the naval and rivers and harbors bills will be presented and on both lively fights are anticipated. The senate amendments to the latter bill, placing six additional projects under the contract system at a cost of about \$12,000,000, will attract the bulk of the opposition, and in case the senate does not yield to the house on the naval bill in respect to the number of new battle-ships to be authorized another attempt will be made by the economists of the house to agree to the senate's reduction. If the senate conferees yield, however, the matter will be practically beyond the jurisdiction of the house.

### FIVE SEAMEN PERISH.

**Schooner Mary D. Ayer Founders Off Grosse Point.**

Chicago, May 18.—The schooner Mary D. Ayer collided with the steamer Onoko of Grosse Point about 12:30 o'clock Sunday morning. Eleven hours later, while the steamer Duluth was trying to tow it ashore near Racine, the schooner sank, and Capt. Williams and four of the crew were drowned and the remaining two were saved and brought to Chicago by the City of Duluth. The Mary D. Ayer was owned by Ed. E. Ayer, the big cedar merchant, and used by him for carrying cedar and lumber from Alpena to his Chicago yards. She was of 326 gross tons burden, measuring 144 feet in length, 29 feet beam, and 11 feet deep. She was built in Saginaw, Mich., in 1854, was rated B1, and valued at \$5,000.

**Cashier Robbed Buffalo, Ill., Bank.**

Springfield, Ill., May 18.—The mystery of the Springfield bank robbery, which occurred Thursday noon, has been solved by the confession of Carl Kloppenburg, the cashier. He and his young brother Joseph were taken into custody late Saturday night and told the whole story. Together they had planned the robbery, and, after secreting the money on the person of Joseph, the gag was put in Carl's mouth and he was tied. Joseph came to this city, where he is an employee in one of Charles Ryan's drug stores, and showed the officers the money behind some bottles on a shelf. The amount is \$669. The owners of the bank say this is about \$70 short.

### Bill Will Not Be Changed.

Washington, May 18.—So far as the senate is concerned, it is said, the proposition to change the imprisonment clause of the Inter-state commerce law has been shelved for this session. Senator Sewell was instructed to report the bill to the senate from our committee and have it placed on the calendar, but that is all there will be to it. Care will be taken to see that nobody indulges in any sharp practice concerning this measure, and its rest will not be disturbed among the papers in the senate.

## SOME LESSONS FROM SIX PRIZE ADS,

Points on Which all of the Winning Advertisements Were Alike—Half size Reproductions Tell the Story.

It is to the interest of readers and advertisers alike that a few lessons be drawn from The Gazette advertising contest.

**Facts.**  
**Facts.**  
**Facts—and prices.**  
**These were what won votes.**

The plain unvarnished facts about a line of goods—quality, appearance, material—coupled with the selling figure drew more attention than generalities.

It was demonstrated more plainly than ever that when news—actual news—about spring styles in dress goods or furniture or carpets is put

alongside Cuban news, Cuba is neglected every time by the feminine reader. What woman cares to read about Cuba when she can get ideas from an advertisement in the next column about decorating the dining room or about making her housekeeping allowance go further?

Money-saving is a point on which everybody is susceptible. It was, therefore, that the twenty-six ads which received the most votes in April should nearly all emphasize prices. The price may not have been particularly low sometimes, but it indicated good faith. When a man advertises "Remarkably low prices" and

then fails to quote figures people are prone to say:

"Well, those prices of his can't be so very low or he would print them." Just so when prices are quoted the presumption is that the severest comparison is invited—that there is nothing to hide.

Nearly all of the twenty-six "best ads," as was just said, quoted prices. Out of these twenty-six the six that stood highest have been reproduced in half size as object lessons. The engraver has done his work well and a good idea of the winning ads are given. They are not faultless—some of them bear evidence

of haste, and could have been improved by careful revision. But in each case the facts are there—the blood, bones and sinews of the successful ad.

Any one of the six ads is worth careful study. The six taken together show what strong inducements Janesville is offering to Rock, Green and Walworth county shoppers, and tell why Janesville trade has grown in spite of hard times.

Advertisements like these draw more money to Janesville than all the Fourth of July celebrations that could be arranged—and Fourth of July celebrations are good things too.

## Children's Day In Shoes

**Count Von Kotze Sentenced.**  
London, May 18.—A Berlin dispatch to the Standard says that a military court has sentenced Count von Kotze to two years' imprisonment in a fortress as a punishment for his duel with Baron von Schrader, which resulted in the death of the latter.

### LOSS OF LIFE BY FIRE.

**Flames Visit Atlanta, Ga.—Fears That Several Persons Were Killed.**

Atlanta, Ga., May 18.—Not in ten years has this city suffered as severe loss by fire as it did Saturday and Sunday morning. It is feared also that several persons were killed, and one fireman is known to be missing. A foreman of one of the fire companies was fatally hurt by a falling wall and several are in the Grady hospital, having been overcome by heat.

The fire was discovered shortly after 11 o'clock Sunday night in the lively stable of Milam & Patterson, and almost simultaneously started in the adjoining buildings. Joyner, chief of the fire department, ordered out all his men, but the flames continued to spread, consuming the Markham house, the Washington house, the Atlanta hotel, two large livery stables and a branch office of the Southern Express company on Lloyd street. Insurance men made a rough estimate of the insurance, and it goes but a few dollars beyond \$150,000.

**A. P. A. RAISES THE BAN.**  
Witnesses Who Testified Against McKinley Declared Unreliable.

Washington, May 18.—Saturday's session of the American Protective association supreme council was the most interesting of the convention, because the action of the executive committee of the advisory board in blacklisting Mr. McKinley as a presidential candidate was reviewed.

The report of the advisory board upon the action of the committee was made to the council late in the session

### NEW SECRET ORDER.

**Its Members Will Work for the Repudiation of Bonds.**

Cleveland, O., May 18.—Charles Edwards, one of the promoters of the new and mysterious oath-bound secret society known as the "S. S. S. S." was introduced in the Washington Reform club Sunday to explain the aims and objects of the new organization. Mr. Edwards is a mechanic. He explained that his society was only eight weeks old in Cleveland, but already numbers between 800 and 900 members. He said: "We propose to make bonds worthless, and when we are done it will not be quite as fashionable as it is now to mortgage away the liberties of this and future generations." Mr. Edwards denied that it was anything like the A. P. A., or that religion entered into it in any way. He said many of the members are professional men and some belong to and are active workers in the various denominations,

**Pocatello, Idaho, May 18.—In the republican state convention Saturday a very emphatic financial plank declaring for the free coinage of silver and protection to American industries was adopted. The resolution declares that free coinage of silver would open to the United States the immense trade of China and Japan and instructs the delegates from this state to work for a silver man in the St. Louis convention.**

## SPAIN STILL HOPES TO WIN IN CUBA

### TRIUMPH OVER THE PATRIOTS PREDICTED.

**Change In Existing Commercial Relations Favored By Spanish Constitutional Party—Danger of Closing Tobacco Factories Pointed Out—Manufacturers Ready to Pay More**

Madrid, May 18.—The Cuban Unionist Constitutional party has sent a message to its deputies with full instructions, saying that the war is going on better and that no one now doubts the final triumph of Spain. It adds that the rebels' only hope is in a conflict which might arise between Spain and the United States. The insurgents in despair, they say, employ their energy in the destruction of property, causing a serious economic crisis, since without the sugar and tobacco crops Cuba is rapidly tending toward ruin.

At the present rate, before another year has passed four-fifths of the richness of the island, they point out, will have disappeared, and that it is therefore necessary to change the existing system of commercial relations, canceling it completely or so reforming the tariff that foreign importations into Cuba shall cease and Cuban produce pay less on reaching Spain. Shipping between Cuba and Spain, the manifesto further declares, must be freed from dues.

In view of the danger that tobacco factories may close, thus throwing out of work 12,000 to 15,000 men, who would constitute a serious danger to public order, it is urged that it is necessary to forbid exportation of tobacco leaf or to approve some other measure to protect the industry. Tobacco manufacturers are said to be ready to pay three times the present export duties on manufactured tobacco.

The directors of the Union Constitutional party finish by declaring that war must be answered with war alone, and that they will obey if the government decrees reform, but, if consulted, will oppose reform at present.

### OPPOSES GOLD STANDARD.

**Gov. Matthews of Indiana States His Position on the Question.**

Anderson, Ind., May 18.—Addressing John R. Brunt, who had questioned him on his financial views, Governor Matthews Sunday sent the following letter to this city: "I fully agree with you that the adoption of the single gold-standard platform would be a calamity to the great body of our people and a serious mistake for the democratic party. We have been practically upon the old basis; prices of all agricultural and manufacturing products have fallen together with the wages of labor, producing besides a great army of unemployed men. To now concede, without a struggle, this last point and engraft into the legislation of the country this principle is not what the democratic party should do. We would then have much to fear in the still more rapid appreciation of gold. I am not ready to ask the people to place this yoke upon their necks. If we will but offer to the public the right kind of platform this year they will respond heartily to our appeal."

### "Claude Matthews."

### Indiana Officials Stirred Up.

Anderson, Ind., May 18.—Official circles are getting the most violent shaking up in their history in this section. Justice of the Peace Sherman Makepeace and Constable Carter were arrested Saturday night charged with extortion in collecting fees and other irregularities. Following close upon the conviction of Attorney Dean for irregularities in practice, the case instituted against Attorney Herman Wilkie for disbarment and the proceedings against prosecuting Attorney Scanlan, Attorney Call and Deputy Prosecutor Doss for accepting bribes, this movement has created much alarm among the lawyers and officeholders.

### Silver Democrats Control Iowa.

Des Moines, Ia., May 18.—Every democratic county convention in the state has been held. On the face of the returns the silver element of the party has instructed two-thirds of the delegates selected by the county conventions to attend the state convention at Dubuque Wednesday. Mr. Boies and the silver forces have instructed and pledged delegates to the number of 681, the gold men have 251, and there remain fifteen doubtful. There are 947 delegates in the convention.

### For Free Silver and Protection.

Pocatello, Idaho, May 18.—In the republican state convention Saturday a very emphatic financial plank declaring for the free coinage of silver and protection to American industries was adopted. The resolution declares that free coinage of silver would open to the United States the immense trade of China and Japan and instructs the delegates from this state to work for a silver man in the St. Louis convention.

## THE TRUTHS TOLD IN LOCAL PULPITS

### SOME THINGS SAID BY JANESVILLE PASTORS.

Rev. W. B. Millard, of New London, Preaches to the Congregationalist—Dr. Sabin Halsey On "Spiritual Depression"—Rev. R. K. Manaton's Theme—Dr. Hodge's Subject.

Rev. W. B. Millard of New London, delivered two able discourses from the Congregationalist yesterday. His morning text was from Mark's gospel, "He hath done all things well." "From small and narrow standpoints the finite mind is prone to criticize and complain against the great laws instituted by the infinite wisdom of God," he said. "We object to the law of friction when we regard it merely as a destroying agent; gravitation when it precipitates some casualty and we even find it difficult to reconcile the law as given to Moses on the tables of stone which says 'The iniquities of the fathers shall be visited upon the children.'"

Here the speaker touched upon the law of heredity showing that only through it there can be development. The rule governing best legislation is that the good of the individual must be sacrificed for the good of the greatest number. While we deplore the fact that the child of the opium eater must suffer for the sins it is not responsible for, still for the advancement of the race, the individual must be sacrificed. The laws are good. It is simply man's application of them that works suffering to mankind. We question the wisdom that permits sin to abound in the world, but without the possibility of sin there can be no virtue. God's laws are sometimes mysterious and must be viewed by faith before sight, but taken in the larger and broader sense they all work together for our good.

His Evening Theme. In the evening he spoke from the words of Paul to the Ephesians: "We are members one of another" and demonstrated in clear and forcible arguments our dependence upon one another, and the great obligations we owe to the preceding generations. We are the heirs of the ages—and indebted to the discoverers and inventors of past ages for much that we enjoy today.

"The business man owes much of his success to the inventor of the steam, cars and telegraph system," he said. "For the liberty we enjoy we are indebted to the revolutionary leaders. In fact, to the men before them, who brought about the issue." Such leadership he held, would have availed nothing during the dark ages. The return we are to make for the debt we owe for our inheritance, is accomplished only when we give to the world our best. It may not be anything great—obligation is measured by ability—but we are bound to do our best and thus add to the world's material. A whole community standing for righteousness will accomplish much.

Mr. Millard is a young man of pleasing address and is one of the coming men in the denomination of the state. The committee on pulpit supply are fortunate in securing such able material, and the congregation is wondering how much of the same kind they have in reserve and will bring on during the vacancy of the pulpit by regular pastor.

The music by the regular choir was supplemented in the evening by a viola and cello.

An Annual Convention. The annual Congregational convention of the Beloit district convenes at Clinton, Tuesday and Wednesday of this week. The names of several able speakers appear on the program, among them that of Attorney A. E. Matheson of this city. It is hoped by the workers that quite a delegation will go from the Janesville church, thereby getting good to themselves, lending encouragement to the convention, and making practical application of Mr. Millard's evening text, "We are Members One of Another."

The subject of the Thursday evening service is "The Relation of Each Member to the Spiritual and Financial Growth of the Church."

AT COURT STREET M. E. CHURCH  
Dr. Halsey Spoke Entertainingly On "Spiritual Depression" Yesterday  
"Spiritual Depression" was the subject upon which Rev. Dr. Sabin Halsey delivered an excellent sermon at Court Street M. E. church yesterday. He took his text from Psalm 45:3 and said in part: "Imperative demands are made upon those who are identified with the spiritual kingdom of God. No man liveth to himself and no man dieth to himself."

Exhortations are numerous urging good people to give their best thought and effort to the world in the interest of civilization and moral reform. Pure selfishness is to be condemned, but there are moments when the Christian is justified in thinking about himself. To become oblivious of the world for a season is not proof positive of an unbalanced mind. Self-inspection reveals peculiarities of experience.

"There are ebbs and tides of feeling which may not be ignored by thoughtful men and women. Religious emotions are not always of the same nature. Some are sad, others are joyous. They vary in intensity. Some are feeble, others strong, mastering the heart. There are seasons of refreshing and then seasons of conneration, moments of clear vision, then moments of darkness when songs languish and the spirit of devotion dies. The causes are numerous. Spiritual depression may result from wrong doing. Sin interferes with joy, peace and causes despondency. But it does not follow that everyone who is sad is a sinner. Physical causes may operate. The food one eats to nourish the body, the ills which afflict even the most saintly, may account for seasons of spiritual darkness. The associations of life, the reveries which overtake men, the conflict to reach a high degree of moral excellence, bear upon the emotions experienced.

"The remedy is twofold, human and divine. It is the Christian part to endure. He who gives up to his emotions, whether sad or joyous, meets with defeat. We are to live devoted lives from principle and let the emotions take care of themselves. It is an error to measure divine love and divine helpfulness by human conditions. Faith founded on truth is sufficient to carry the soul through life to a glorious inheritance."

HEARD AT ALL SOULS CHURCH

Rev. V. E. Southworth Talks of Exchanging Pulpits—How to Use Wealth.

"Trinitarian clergymen in Unitarian Pulpits. What Does It Mean?" That was the question that Pastor Southworth discussed at All Souls yesterday. He said: "The Boston papers not long since astonished their readers with the startling announcement that 'Trinitarians fraternize with Unitarians.' 'Separation of Many Years Duration now Ended.' 'Happy Exchange of Pulpits in Boston Yesterday.' Rev. Dr. Hale Preaches in Mt. Vernon Church. Rev. Dr. Hegrick Preaches at the South Congregational."

A man among Unitarians and a man among Trinitarians, treat each other as all men ought to treat each other, and behold all Boston applauds. These are an interchange of common civilities between two professional gentlemen and the Independent a Trinitarian religious newspaper, can find nothing better to say than, Well, who would exchange with Minot J. Savage? There is honor among thieves, I am told; are ministers so much worse than thieves that they can not treat each other decently?

"I can see no earthly reason why an honest Trinitarian congregation should not be willing to listen occasionally to the teaching of an honest Unitarian; nor can I see what harm could be done if an honest Trinitarian congregation should listen occasionally to an honest Unitarian minister."

"It is only a question of being candid and fair as to the truth; and of being generous and hospitable in your treatment of one another."

"Something over a year ago the Rev. John F. Hille, pastor of the First Congregational church of Appleton, Wis., exchanged pulpits with the Rev. Jenkins L. Jones of All Souls' Chicago."

"In a few days now the Rev. Theodore T. Munger, pastor of the leading Congregational church in New Haven, Conn., and the Rev. John Cuckson, pastor of Arlington Street church, Boston, (the wealthiest Unitarian church in America) will extend to each other the same manly courtesy."

What Does It Mean?

"I should say that it means that the virus of bigotry is being eliminated from the veins of Christendom. I should say it means that the ministers of all churches are recovering their character as men, and losing the affectations of the priest. I should say that it means an enlargement of the heart and the widening of the sympathies of the clergy."

"Ecclesiastical snobbery cannot survive in this wind swept, western world. The people of America are not so easily hypnotized by the display of religious millinery, as the people of Europe have been."

"Traditions, systems, high dignities and official decorations are not idolized as they once were."

"People are increasing their intelligence, and do not so easily capitulate to the pulpit. It is almost impossible for jealous ministers now to secure the impeachment for heresy of an advanced clerical brother. The time has been when the minister could not stand squarely and speak openly. It is somewhat risky even yet. But the day is beginning to arrive when the people themselves will insist upon nothing but manhood and scholarship in the pulpit."

"No, my friends—openness, courtesy, and manly straightforward friendliness is some day to be the rule, rather than the exception. The ministers and the laymen of the different churches are going to find each other out. And when we know one another better we will have more of the sweet reasonableness of Him who taught love and goodwill among men."

The Uses of Wealth. Another subject that was handled

Wealth." He said in part: "Of all the mad insanities by which the life of man has been afflicted, none have been more intense in their madness than this insanity of growing rich. True it is that watching for money consumeth the flesh, and the care thereof driveth away sleep." Enough is never enough to the covetous. And the love of wealth grows like any other craving; the appetite becomes ravenous, bringing with it continual worry, and oftentimes leads into great vices that would otherwise be avoided."

A man who was drunk with avarice could be distinguished the same as a man drunk with wine. The disease, was not, he said, confined to the so-called 'plutocrats,' for there were as many misers among the poor as the rich. It was as bad he continued, to be poisoned with niggardiness and with penuriousness as to be reckless with spending."

It was not safe, he said, for a man to have more wealth than he knew how to use wisely. The worth of the dollar depended largely upon the mental and moral worth of its possessor. In closing he said "No worse use can be made of wealth than to use it as an incubance with which to overload posterity."

THE FIRST METHODIST CHURCH.

Rev. R. K. Manaton Delivered Two Very Able Sermons—Announcements.

Rev. R. K. Manaton, of the First M. E. church, spoke in the morning on "The Altar to the Unknown God," taking his text from Acts 17, 22 and 23. The speaker said that on his return from one of his trips to India, during a storm, a man was overboard in the Ganges river, and although there were life preservers within a foot of him he lost his life. The Athenians had their Gods and to them erected altars, yet from a consciousness of a lack or from courtesy to the students among them from other nations, they also erected an altar to the unknown God. Among those who knew of the true God we find a legend of the Golden Age. They believed that at one time man was in touch with the gods and all their lives were directed by them. This they believed was also the golden age of thought. Having become separated from the gods they tried to effect a reconciliation by confessing to Apollo, trying to wash away their sins by doing penance and by sacrifice. Yet they are not satisfied and we find them hungering for knowledge of the true God. The Son of God came and opened the way and Paul an apostle of Christ goes to preach the gospel to them. They couldn't comprehend and his work at first seemed a failure, but time showed that the seed was fruitful.

The Evening Subject

The evening subject was "The Tyrant's Challenge," the text, Exodus 5:2, "Pharaoh asked who the Lord was that he should obey him and refused to let the children go." God resents tyranny over his children as earthly parents will resent an insult to their children. God resented Pharaoh's conduct.

One who is unwilling to help his fellow man will have the slavery he puts upon others turned upon him hereafter. To those who are seeking God and ask "Who is the Lord?" God will reveal himself so that there will be no doubt in his mind. All are invited to have his knowledge.

The Epworth League meeting was led by A. W. Hall, she subject being "Christ as a Host."

The Ladies' Aid Society will meet Tuesday afternoon. The regular prayer service will be held Thursday evening.

AT THE BAPTIST CHURCH.

Dr. Hodge Speaks of Ignorance of the scriptures, and Obedience.

Dr. Hodge of the Baptist church took as morning text Matt. 9:13 "But go ye and learn what that meaneth, I will have mercy and not sacrifice: for I am not come to call the righteous, but sinners to repentance." He said men are liable greatly to err through ignorance of the scriptures and this tendency has not been confined to the Seribes and Pharisees. God desires purity in the heart, and a mere formal observance of rules; the heart must be right then the conduct will show forth right deeds. Christ came to call sinners to repentance.

Rom. 16:19 furnished the text for the evening sermon, "Obedience" being the subject. Obedience, as defined by the speaker, consists in bearing the command of a superior and doing it. Courage is often essential to obedience while a complete surrender of the will is necessary. Promptness is also an important feature. Obedience is essential to salvation. At the close of the sermon the ordinance of baptism was administered by the pastor.

B. F. Dunwiddle conducted a very profitable bible reading on missions at the meetings of young people's society.

The Work of a Dollar

At our store is something wonderful. We've got the largest stock and best goods in the city and are not afraid to compare goods and prices to any looker. F. H. Baack.

Two Hands

With only a half dollar buys two nice gloves for the price of one. We have in mind our cape driving gloves that fit like a dent and wear like duckskin. F. H. Baack.

Consider first the goods you have, then figure on the number of people likely to see your announcement in the paper, the proportion of possible customers that number, and what you can afford to pay for each dollar's worth of new business. That will give you the size of the ad. you ought to use.

## SOME LIMA CENTER NEWS.

Personal Mention and Other Entertaining Gossip of the Village.

Lima Center, May 18.—Mrs. Fellows, who has been spending the past ten days with her sister at Johnstown, returned last Wednesday, and is now with her mother, Mrs. James. Miss Elia Stillman has returned to her home here after spending the winter with her cousin at Milton Junction. Notwithstanding the storm last Wednesday quite a company gathered in the evening at Reese & Anderson hall enjoy the ice cream served by the Ladies Circle. A good time is reported and quite a little sum added to their treasury. The many friends here rejoice with Rev. L. L. Thayer on the safe arrival of a daughter at their home a week ago. There were no services at the United Brethren church last Sabbath evening. All were invited to attend the services at the North church, and quite a number availed themselves of the privilege of listening to a sermon by a young Mr. Godfrey, just out of school. All wish him success in his chosen field of labor. Mrs. Cowles, who has been visiting her children in Milwaukee, La Grange and White-water, the last two weeks, returned to her home last Tuesday. One of the worst rainstorms of the season, accompanied by rain and hail, visited this place last Tuesday. Some from here were called to Waukesha last Wednesday to attend a law suit.

## William Drummond.

William Drummond died at his home in Evansville, on May 8, aged seventy-five years and three days. Mr. Drummond was born in Auchtermuchty, Fifeshire, Scotland, and came to America in 1840, locating in New York where he learned the baker's trade. In 1844 he married Marion Watt Carnie and the following year moved to Milwaukee where he worked at his trade. In 1868 he returned to New York and remained but a short time. He then came back to Wisconsin and settled on a farm east of Evansville, which he owned at the time of his death. Five years ago he retired from farming and moved to Evansville. Mr. Drummond was the father of seven children, three of whom survive him, James and David of Janesville, and Mrs. Charles Davis of Cooksville. Two sisters also survive him, Mrs. Daniel Featherstone of Mitchell, Ia., and Mrs. William Pratt of Stoughton, Wis. His wife died in 1888 and in 1893 he married Miss Fanny Riley of Stoughton. He had been in poor health for some time but his death was very unexpected. The funeral was held at his late residence on Monday, Rev. O. P. Bea-

## Virginia Forest Fires.

Davis, W. Va., May 18.—All day Sunday hundreds of men from all sections bravely but ineffectually fought the forest fires, which at 7 o'clock at night, after continuing for forty hours were, if possible, burning more fiercely than ever. Lumbermen, who had estimated the probable loss at \$500,000, now state that amount has been exceeded and are unwilling to make any further predictions of the loss. The Middle Fork tract is completely wiped out, and the adjoining forest is burning with indications that the entire county, including the towns and villages, will be devastated unless a rain prevents. As the fire started in several places at the same time from no known cause, it is now thought to have been the work of incendiaries who were prompted by revenge against the new owners. As far as known no lives have been lost.

## Riot at a Sunday Baseball Game.

Hazleton, Pa., May 18.—Six persons were shot and a number of others seriously injured during a riot at MacAdoo, a town four miles from here, Sunday afternoon. A game of baseball was in progress when a gang of drunken Italians charged upon the players and spectators with revolvers, clubs and stones. Saturday night an Italian had been arrested for assault and battery. A number of young men took him from the constable and unmercifully beat him. The Italians, hearing of this, threatened revenge, and fulfilled their threat. Several were arrested and more will be taken into custody.

## Fire in a Chicago Suburb.

Chicago, May 18.—Blue Island, a suburb of this city, had a nine-hours' visitation of fire yesterday morning which outside help alone prevented from sweeping away the town. Thirty-six houses were destroyed, and an area equal to two blocks were razed in the center of the village, and the losses by conservative estimate amount to \$105,700. One man was injured.

## IS YOUR DIGESTION POOR?

A Sample and Full Information Concerning the New Discovery for Dyspepsia Sent Free to Any Address.

A great deal of interest has been excited recently in the medical profession by the discovery of a new preparation, which has made many remarkable cures in cases of dyspepsia and indigestion. This remedy is not a secret patent medicine, but is a scientific combination of pure pepsin and bismuth and fruit salts, pleasant to the taste, in tablet form, and sold by druggists under name of Stuart's Dyspepsia Tablets. Dr. Erskine who tested the tablets in many cases with marked success, states that they act entirely on the food taken into the stomach digesting it perfectly, no matter how weak the stomach may be; they have no action on the bowels and do not physic, being purely and simply a cure for dyspepsia and nothing else.

All physicians recommend them as being the safest, most sensible, most effective stomach remedy on the market. No dieting or change of habits are required; eat all the wholesome food you care for and take a tablet at each meal, the food will be thoroughly digested, the body nourished, the stomach rested; that's the whole secret of curing indigestion and the whole secret of the success of Stuart's Dyspepsia Tablets; the reason why they have taken the place of after-dinner pills, "stomach bitters," "laxatives" and "tonics."

Stuart's Dyspepsia Tablets are sold by druggists at 50 cts. per package, or he will order them for you if you ask him, as all druggists sell them.

A small sample package of the tablets will be sent free to any address if you will write to the Stuart Co., Marshall, Mich. Also circulars and testimonials.

THIS DAY IN HISTORY.

1800—James Marquette, missionary and explorer, died near Marquette river, Michigan; born in France 1807.

1804—Napoleon Bonaparte was declared emperor of France.

1804—Nathaniel Hawthorne, distinguished American novelist and sketch writer, died in Plymouth, N. H.; born in Salem, Mass. 1804. Hawthorne's romances have been before the public forty odd years and still retain a hold upon readers. His "Scarlet Letter," published first in 1850, lifted him at once to the front rank of contemporary novelists. All critics acknowledge Hawthorne's power to awaken deep, intense and sustained interest; some reviewers object, however, to the tone of his romances. The "Scarlet Letter" has been the most harshly criticised, yet it is accepted as representing life in colonial New England. Hawthorne's son Julian and a daughter, Rose Hawthorne Lathrop, are successful writers.

1850—Cyclones devastated large districts in Wisconsin, Minnesota, Illinois and Missouri; hundreds of people killed and injured.

1804—Fierce storm on Lake Michigan, followed by numerous wrecks and heavy loss of life among sailors.

It Is Difficult

Usually for a man unknown to the public, no matter what his profession or business is, to acquire a patronage in a very short time. If, though, he is competent in his business and his services satisfactory in every way he is bound to win in the end. That is the theory I go on at least. I have had thirteen years' experience as a tailor and can make and fit clothing correctly. All I want is an opportunity to show my ability.

# SEASONABLE SUGGESTIONS.

Warm weather brings forcibly to mind the question of cool footwear. As a matter of fact women wear more comfortable shoes in the heated months than men. The reason probably is because Oxfords are so pretty and so stylish and can be procured at so small a cost. With almost a bewildering assortment of Oxfords it's not to be wondered that we have a large trade on these cool shoes.

**\$1.00** buys an elegant black or tan Oxford, point toe.

**\$1.25** buys one a little finer and good enough for anyone.

**\$1.50** This is where we are particularly strong. We show about a dozen different styles in tan and black at this price. All the newest styles in Turns and McKays sewed.

**\$2.00** If you are looking for a good investment in shoe leather, and \$2.00 is the amount you wish to invest, just take a look at our \$2.00 Oxfords; all the new shades of tans and the nobbiest of blacks. We take no back seat when it comes to \$2.00 oxfords.

**\$2.50 and \$3.00** Some think that a large price to pay for an Oxford but it buys just as fine an Oxford as can be made by the best shoemaker in the land.

We are showing our Oxford particularly in a dark tan made on the extreme needle toe with a silk top which is the handsome shoe we have ever shown. It is made from a new pattern, the cloth being one piece. No seam in front, which makes a very nobby effect on the foot. Come in and see it. If you are looking for new and stylish Oxfords we have them. We want your trade on these goods. All we ask of you is to inspect our stock.

**IF IT IS NEW WE ARE SURE TO HAVE IT.**

## DEATH'S CALL CAME TO MANY PEOPLE

### FUNERAL OF WILLIAM PAYNE HELD THIS AFTERNOON.

John Bear Passes Away After a Three Months Illness With Quick Consumption—Mrs. Anna Sullivan and Mrs. Thorpe Are No More—Other Deaths.

All that was mortal of the late William Payne was laid to rest in Oak Hill this afternoon. The funeral was held from the home on Jackson street at 4 o'clock and was a particularly sad one. Mrs. Payne, herself, is very ill, and on that account the services were short and the customary singing was omitted. Rev. Dr. Hodge conducted the services, and spoke feelingly. The pall bearers were A. F. Hall, Stanley B. Smith, B. F. Dunwiddie, C. E. Bowles, Cal. Rose and J. L. Ford. Brief services were also held at the grave.

In the death of Mr. Payne, the city has lost a good man and exemplary citizen, while the Baptist church mourns a faithful, consistent, and liberal member. To the bereaved ones, and especially the aged wife, who is now on a sick bed herself, tender sympathy will be extended.

Jesse A. Blount.

Jesse A. Blount, for several years treasurer of the city of Janesville, died at his home in Atlanta, Ga., on Monday of last week. Jesse A. Blount was born in Danville, Caledonia county, Vt., February 18, 1826. He received an academic education in his youth, and in 1847 he settled in the town of Janesville where he was engaged in farming for seventeen years. He was early elected to the office of town clerk, a position which he held nine years. About the year 1864, he removed to this city where he continued to reside until his removal to Atlanta. He engaged in the lumber business, and for a number of years was connected with Hon. A. P. Lovejoy in that line of trade.

In the spring of 1870 he was elected alderman from the Fourth ward and was re-elected in 1874 and 1886. He also served a term as street commissioner and in 1876 he was elected as a member of the Assembly serving one term. On the death of Jesse Haselton, in 1883, Mr. Blount was appointed to the office of city treasurer. He filled out the unexpired term of Mr. Haselton and in the spring of 1884 the people elected him again to the office and in 1885 he was re-elected.

No particulars of his death were received.

John Bear.

The angel of death entered the home of Ex-Sheriff and Mrs. J. L. Bear, early Sunday morning and cut short a young life that was full of promise. The victim was their youngest son, John, aged eighteen. But three months ago the young man was as strong and hearty as anyone could be. Then quick consumption attacked him, and in twelve short weeks the disease ran its course and the end came. When the young man was taken sick specialists were consulted, and all that medical skill could do was done, but it was of no avail. When death came, however, the young man passed away peacefully as a babe goes to sleep, the watchers at the bedside scarcely realizing that the dissolution was going on. The funeral will be held at the home at two o'clock tomorrow afternoon, and the interment will be made at Oak Hill.

Mrs. Anna Sullivan.

Mrs. Anna Sullivan died at her home in the town of Harmony, at 2:40 o'clock Sunday morning of heart failure, aged seventy-three years. Mrs. Sullivan had been a resident of Rock county for thirty-nine years, and leaves five children, they being Timothy, John, William and Jeremiah Sullivan, and Mrs. Maggie Coen, of La Prairie. The funeral will be held from St. Patrick's church at 10 o'clock tomorrow, the service at the sanctuary being preceded by brief services at the house an hour earlier.

Mrs. Mary Thorpe.

Mrs. Mary Thorpe passed peacefully away last evening at 10:30 o'clock at the home of her niece, Mrs. Peter Dolan, No. 1 Washington street. Deceased has been a resident of the town of Plymouth for a number of years, and was the widow of Thomas Thorpe, whose death occurred twelve years ago. The cause of her demise was rheumatism of the heart. The funeral will be held from St. Patrick's church Wednesday morning at 10 o'clock.

Funeral of Chester Stevens.

The remains of Chester Stevens, son of Mr. and Mrs. Chauncey Stevens, whose death has been stated, occurred at San Diego, Cal., where he had gone in search of health arrived in Janesville this noon from Chicago and the funeral services were held from All Souls church at 2 o'clock this afternoon. Rev. V. E. Southworth conducted the services and at the conclusion the interment was made at Oak Hill.

Funeral of John Herrington.

The funeral of John Herrington was held at 4 o'clock Sunday afternoon, and the interment was made at Oak Hill. The services were brief and were held at the grave. Rev. R. K. Manaton, pastor of the First M. E. church, of which organization the deceased was a member for many years, officiating.

You can't explode a Quick Meal. We'll prove it to you easily. Lowell Hardware Co.

## ECHOES OF THE DAY IN TOWN

THERE was published in The Daily Gazette of April 22, as well as in the weekly, the details of a physical encounter between Harry Benney and D. W. Johnson, both of Evansville. Mr. Benney's part in the affair was simply an effort to prevent what he considered impertinent and annoying attention toward a very estimable young lady. Mr. Benney is a man of high standing in Evansville society and enjoys the respect of all.

The Washington Evening Times of Saturday says: "Capt. Harry Douglas King, of the Allison Cavalry Guard, Company D, Third Battalion, D. C. N. G., who has just recovered from a severe attack of typhoid fever, started on Friday for his old home at Janesville, Wis., for an extended visit during the summer. He will remain a few days at Chicago while enroute."

PHILLIPS & Hadden, the enterprising Janesville horse buyers, have a consignment of animals at the New-gass sale, to be held in Chicago tomorrow. Messrs. Newgass refer to the Janesville firm's shipment in their advertisement in the Times-Herald as follows: "They are a grand lot and comprise speed, quality, high action, equal to any we have ever seen."

MALCOM O. MOUTAT was admitted to the firm of Fethers, Jeffris & Fifeid today, the firm now being Fethers, Jeffris, Fifeid & Moutat. Mr. Moutat, who is a graduate of Beloit college, has shown energy and ability and will be congratulated on the broad field that is opening out before him.

Mr. and Mrs. J. G. Wray gave a reception in honor of Mr. and Mrs. A. L. HAYDER Saturday evening. There were gathered many of the friends of the young people from this city and from towns near by and pleasant hours were passed.

I WARRANT the paint for one year on every vehicle I sell. The finish is always put on the buggies I handle as well as the balance of the rig is built. I have a reputation on high class goods. F. A. Taylor.

MRS. WILL DAVIS and Mrs. John Cunningham entertained the "Congenial Twenty" club in a novel manner today with a drive via Milton and a dinner at the Tillman Park Hotel, Clear Lake.

NOTICE the great display of silks in our large east window. Anything there goes at 48 cents per yard. You should avail yourself of this great offer. Bort, Bailey & Co.

In the morning we place on sale three thousand yards of plain and fancy dress silks worth from 75 cents to \$1.25. All at one uniform price of 48 cents. Bort, Bailey & Co.

The Christ church cadets will meet at their armory at 1 o'clock Tuesday afternoon, to attend the funeral of John Bear. Order, F. A. Nelthorpe, Captain.

HAVE you read the prices on buggies and surreys in Taylor's ad. through carefully? Some great bargains are to be found at his May sale.

H. J. CUNNINGHAM delivered an interesting address yesterday afternoon at the Y. M. C. A. building, there being a hundred young men present.

THE Beloit college base ball team was in the city Saturday night from 10:10 until 12 o'clock, on their way home from Port Atkinson.

WE have today a very complete and beautiful line of ladies' ties, stocks, &c., to wear with the popular shirt waists. Bort, Bailey & Co.

## Y. M. C. A. PLANS FOR SUMMER WORK

### DAILY PROGRAM TO BE CARRIED OUT.

Friday Will Be "Field Day" and the Schedule For All the Other Days Is Prepared—George Wilbur Complimented—"Tom" Morrissey Hurt—Base Ball Games.

Since the Y. M. C. A. reception the management has mapped out a regular daily program which will be observed during the hot season. In the Junior department instead of the regular Monday and Thursday class work in the gymnasium, the members may go to Athletic park to indulge in outdoor sports. Each Friday afternoon at 4 o'clock there will be regular field work at the park. The schedule is as follows:

Monday—The Junior class will hold its regular afternoon meeting at 1:15 o'clock and at 6:30 base ball and track work will take place at Athletic park.

Tuesday—This day will be an "open day," and will be devoted to boating, cycling, picnics, etc.

Wednesday—In the afternoon work will commence at Athletic Park, and at 3:15 base ball will be played, while in the evening the regular class will meet in the "gym."

Thursday—The Junior class will meet at 4:15 o'clock and in the evening the regular prayer meeting will be held.

Friday—In the evening at 6:30 o'clock track work and base ball will be the attraction at Athletic Park.

Saturday—The Junior class will meet in the "gym" at 9:15 and at 2:30 will play ball at Athletic Park. At 3:30 the Seniors will play ball. The evening will be devoted to the regular class.

A vocal class has been organized and will meet once a week under the leadership of Prof. J. S. Taylor. This class will not only be free to the members but it will be free to the general public and all wishing to enter may hand their names in at once.

A novel entertainment in the way of a lantern bicycle parade has been planned by the association and will take place tomorrow evening from the building. Each rider will carry two lanterns and the march will be through the business streets. They will leave the building at 8:15 and expect to have a hundred in line.

George Wilbur Is Praised

In a two column write up of the Burlington base ball team in the Chicago Chronicle, the following paragraph is given George Wilbur of this city, who is now a member of that club: "The most popular fielder in the team is George Wilbur. He played last season with Eastern Iowa league clubs and ended the season at Dubuque. As a fielder there is not a team in the country that can produce a better one. He is over six feet tall and runs like a deer, but his chief qualification lies in his ability to cover the right garden so successfully that a ball cannot find its way to the ground unless it rolls from the infield. His only drawback has been his weak hitting, but he has been batting above .300 and last Sunday with the score a tie he hit the ball over the fence, winning the game."

High School Nine Beaten.

The Madison High School nine defeated the Janesville High School nine at Athletic park Saturday afternoon by a score of 11 to 4. The score:

"Tom" Morrissey Is Hurt.

"Tom" Morrissey, the well known first baseman, who has been playing this season with the Columbus, Ohio team, is home nursing a bruised leg and a fractured rib. Mr. Morrissey was injured during a recent game, and just how long he will be laid off and whether or not he will rejoin the Columbus team depends upon his recovery.

## COUNCIL WILL DO IMPORTANT WORK

### TONIGHT'S SESSION LIKELY TO BE A BUSY ONE.

Application For a Franchise By the Postal Telegraph Company to Be Presented—May Get Report As to the Injury of Water Pipes By Electrolisis.

Tonight's session of the common council is likely to be a very busy one. There are several matters to come up that are of importance. The petition of the Postal Telegraph company, asking for a franchise and the right to erect a line within the city limits, will be presented to the aldermen by City Clerk Badger, and in all probability some action will be taken on it. The company wants to build subject to the ordinances, which provides that all electric wires shall be strung, and all poles set, under the direction of the chief engineer.

Another matter that may come before the council is the matter of injury to water pipes by electric action. It is intimated by an alderman that Inspector Wentworth's report of his investigations may be submitted, although in what form is unknown.

Several other matters of importance will also come up, in addition to the regular routine.

DIVORCE CASE BEFORE THE COURT

**He Took No Chances.**  
"Here's a good scheme," she said, looking up from the paper she had been reading.

He seemed a trifle suspicious, but it was so evident that he was expected to ask about it that he made the inquiry.

"Why, it says that some wives shave their husbands and in that way save what he would ordinarily pay to a barber," she explained.

"Mary," he said, after a moment's thought, "you may get that gown you spoke about this morning. It won't be necessary for you to get at my throat with a razor."—Chicago Post.

**A Hint.**  
"George, dear!"  
She looked anxiously at the clock, which pointed to 12:30.

"What is it, love?"  
"I don't wish to hurry you away, George, but you know that papa is not overly fond of you, and he is an early riser."

At this hint George commenced to get ready to take his departure.—Harper's Bazar.

**A Plea for Mercy.**  
"Prisoner," said the judge to the convicted bigamist, "stand up. Have you anything to say why sentence should not be passed on you?"

"I throw myself upon the indulgence of the court," exclaimed the prisoner, nervously. "Is a life sentence possible? Both ladies have mothers."—Town Topics.

**The Better Way.**  
The past is gone. Don't worry o'er the grave of things that were;  
The future isn't here. Don't fret o'er what may ne'er occur.  
The present is so fleeting it is hardly worth the while  
To wish it might be changed. So let's philosophise and smile.

**Thoroughly Experienced.**  
Mr. Olden — Your theorizing is all well enough, Miss Wrights, but what do you women know about life? Have you ever come into genuine contact with the world?

Miss Wrights—Have I? You ought to have seen me come into contact with it when I was learning to ride my bike.—Brooklyn Life.

**Good Advice.**  
"What would you advise me to do?" asked the young author, who had submitted his manuscript to the great editor in the hope of getting some valuable pointers.

"I would advise you to get a type-writer," replied the great editor, who had been struggling with the author's handwriting.—Chicago Post.

**Prepared.**  
"No," said the savage king, "the people of my tribe will not arbitrate. They want blood."

The envoy smiled.  
"In that case," he said—  
And he opened his grip and confidently extracted a bottle of beef, iron and wine.—N. Y. World.

**A Straight Answer.**  
"How's the going?" called the man in the red mittens, as, through the blizzard, the driver of the Wayback mail came struggling into town.

"Dunno," answered the driver, "I haven't gone yet—but," he added in a burst of frankness, "the coming is all-fired hard."—N. Y. Recorder.

**The Parting.**  
"Farewell! Farewell!" he cries in pain,  
His arms enfold her tight;

**A GREAT BOOK FREE.**

When Dr. R. V. Pierce, of Buffalo, N. Y., published the first edition of his great work, The People's Common Sense Medical Adviser, he announced that after 600,000 copies had been sold at the regular price, \$1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it, he would distribute the next half million free. As this number of copies has already been sold, he is now giving away, absolutely free, 500,000 copies of this most complete, interesting and valuable common sense medical work ever published—the recipient only being required to mail to him, at above address, twenty-one (21) one-cent stamps to cover cost of mailing only, and the book will be sent post-paid. It is a veritable medical library, complete in one volume. Contains 1008 pages, profusely illustrated. The Free Edition is precisely the same as that sold at \$1.50 except only that the books are in strong manilla paper covers instead of cloth. Send now before all are given away.

## A SECOND LINEN SALE.

Wednesday, May 20th.

Seven weeks since the last special Linen Sale was given by Janesville's leading linen department, and so many inquiries have been made as to when we would have another, that we have decided upon next Wednesday, and many lines of the last sale will be duplicated, such as the pattern cloths with the napkins to match, of which a fresh invoice is in from New York.

These trade sales have a firm hold upon the trading public, and never allowing any exaggeration or misrepresentation to creep into our advertisements makes women have the fullest confidence in our announcements. This may seem vain, but it is what we have been told by customers time and again, and as we know it to be a fact it is only natural that we should repeat it.

TOWNS LAID WASTE  
BY A HIGH WIND

## CYCLONES DEVASTATE KANSAS COUNTIES.

Scores of Persons Dead, Dying or Seriously Hurt—Family of Five Killed by a Tornado in Kentucky—Damage in Illinois.

Kansas City, Mo., May 18.—Reports received here indicate that the cyclone which passed over Marshall and Nemaha counties, Kansas, late Sunday evening swept over an unusually large territory, dealing death and destruction through the two counties.

A dispatch from Bern, Nemaha county, reports that Seneca, the county seat, was struck by a cyclone at 7 o'clock in the evening. One-third of the residence portion of the town was destroyed, five persons were killed, and fifteen were badly injured. The new courthouse, the schoolhouse, and the Catholic church are among the buildings wrecked. Five hundred of the citizens of Seneca are reported to be homeless. The property loss is estimated at \$100,000.

The cyclone also swept the towns of Sabetha, Nemaha county, and Frankfort, Marshall county, and the reports indicate that many other smaller settlements have suffered.

Concordia, Kan., May 18.—Another cyclone visited north central Kansas Sunday afternoon. It is impossible to gather the details because the telegraph wires on the Missouri Pacific and Grand Island railroads are down. The cyclone started in the northern part of Clay county, seven or eight miles south of the little town of Palmer, and passed in a northerly direction through Riley county and into Marshall and Nemaha counties. It crossed the Blue river at the junction of the Missouri and Union Pacific railroads, and passed near the town of Axtell. The little hamlet of Bodaville in Riley county was entirely swept away. Several persons are reported killed there and many injured, but nothing can be learned definitely. The cyclone was followed by a heavy hail and rain storm and great damage was done to crops.

The valley of the Blue river in Marshall county is one of the richest in the state and thickly populated; it is expected that later reports will tell of the death of many persons and the destruction of a great deal of property.

Sabetha, Kan., May 18.—A cyclone from the southwest struck this city at 7:30 o'clock Sunday evening and tore an ugly gap through the business and residence portion of the town. A score of buildings were destroyed, and several persons were badly injured, two of whom will probably die. The Rock Island station was razed, together with twelve residences in its vicinity. Five persons who were in the station at the time escaped without serious injury. At Oneida several buildings were destroyed and three children of James Sherrard were killed. The west hall of the village of Baileyville was swept away, but none were killed. The damage in this city is over \$200,000.

Topeka, Kan., May 18.—A cyclone struck the north part of the town of Sabetha, a small place northeast of here near the Nebraska line, late Sunday evening, destroying the Grand Island railroad station and elevator and twenty dwellings. Twenty-five persons were injured, several of whom will die. Twenty families were rendered homeless, losing everything they had. The cyclone passed off toward Falls City, and evidently did great damage.

Earlier in the evening a cyclone was seen to form over the town of Miltonville, Kan. It struck the ground a few miles out of town, but did not do much damage there.

Frankfort, Kan., May 18.—At 5 o'clock Sunday evening a terrible cyclone swept down upon this town from the southwest. Everything in the north and west ends of the town was wrecked. Sixty buildings were razed to the ground. Some of the best residences in the town were blown to pieces.

Reports coming in from the country, where heavy damage has been done, will materially swell the loss. Many persons are reported painfully injured, but so far as known no one has been killed. Many head of horses, cattle and other stock have been killed.

The small number of fatalities is accounted for by the fact that nearly all the people fled to their cellars and cyclone caves. Reports coming from Vleits and Seneca say the cyclone was severe at those points. The latest estimate is that fully 100 substantial buildings have been destroyed in this town and the surrounding country.

## TERRIFIC STORMS IN ILLINOIS.

One Death Results in a Wrecked Church at Sherrard.

Rock Island, Ill., May 18.—The mining town of Sherrard, Mercer county, Ill., was visited by a storm which passed over this region Saturday night, resulting in loss of one life, and damage to property aggregating \$15,000. Among the structures destroyed was a Congregational church. Morris Evans was taken out of the wreck dead. Deacon Williams was seriously hurt, and several other men were slightly injured. Many other buildings were damaged. Freytag's furniture store was wrecked. Evans was a coal miner, 65 years old, and leaves a widow and six children.

Fairbury, Ill., May 18.—A heavy storm swept over this region Saturday night. The rain fell in torrents and lightning played havoc with the electric light plant and the telegraph system.

Illinois, Ill., May 18.—A severe storm struck this place and vicinity

Saturday night destroying several buildings.

Bloomington, Ill., May 18.—A heavy rain fell here Saturday night, thoroughly soaking the parched earth and doing much good to the crops. There was also a long-continued gale of wind, that broke many trees and did other damage, and an electrical storm, that laid up the street-car system and rendered the city electric light plant unserviceable all night.

## FAMILY OF FIVE KILLED.

Result of a Cyclone That Sweeps Marshall County, Ky.

Benton, Ky., May 18.—A cyclone passed over the northwest corner of this county Sunday morning at about 1 o'clock. At Elva it tore down the house of Anderson Jones, and killed the entire family. The cyclone came out of Graves county via Symposia, where two stores were demolished, two churches, and one schoolhouse were torn down, besides barns, stables, fences, and everything else in its path. There was considerable damage in other parts of the county. The damage done at Symposia was severe, but no lives were lost.

## POLITICS AMONG METHODISTS

Sunday Electioneering in Behalf of the Candidates for Bishop.

Cleveland, Ohio, May 18.—The delegates to the Methodist Episcopal general conference found time Sunday to discuss politics in connection with the election of the bishops. The failure of any of the leading candidates to receive a two-thirds vote has inspired talk to the effect that a motion will be made to change the rule so as to provide that the election shall be by a majority instead of a two-thirds vote. It is also said that a motion will be made to elect three instead of two bishops. It is not believed, however, that either of these methods will prevail. The friends of Dr. Buttz, Dr. McCabe, and Dr. Cranston are still confident of the success of those candidates, and much earnest electioneering has been done, and the contest, when the balloting is resumed, is likely to prove spirited.

## A. P. A. About Ready to Adjourn.

Washington, May 18.—Many of the members of the supreme council of the American Protective association have left here for their homes, but over a hundred yet remain to finish up the business today, which includes the election of the remainder of the supreme officers, and the selection of a place for holding the next annual meeting. There is talk of an amendment to the constitution to be proposed at the gathering in 1897, providing for the holding of the yearly sessions in this city. After final adjournment the new executive board, which consists of the first six of the newly-elected supreme officers, will meet and audit the accounts of the past supreme officers, and outline the work and policy of the order for the ensuing year.

## Tariff Cause to Be Heard.

Detroit, Mich., May 18.—It develops that the attendance at the national non-partisan commercial tariff convention, which meets in this city June 2, will be considerably larger than its projectors at first anticipated. From letters received, the sentiment favoring holding annual non-partisan tariff conventions is almost unanimous. The convention committee, consisting of presidents of boards of trade, commercial bodies, and labor and farming organizations representing various sections of the country, will meet June 1, and arrange the final details and choose temporary officers.

## Spain Menaced by Famine.

Washington, May 18.—Coming immediately upon the severe drain of resources caused by the Cuban rebellion, the Spanish people have now to face the prospect of an almost total loss of the wheat crop caused by drought and insects. The poor are suffering much, and unless the rain comes the wine and fruit crop will become a total loss and great suffering and want will prevail throughout the country. Efforts will be made to have the government reduce or remove the import grain duties and heavy imports must be made during the current year.

## Illinois German Catholics in Session.

Joliet, Ill., May 18.—The German Catholic societies of Illinois commenced a three days' session in this city Sunday. About 3,000 visitors were present from all the leading cities of the state and 300 delegates are attending the convention. Today is devoted to business and Tuesday to visiting. The formal dedication of the Swedish Orphans' Home will be held May 26. The dedication speech will be made by Rev. Mr. Frykman of Sycamore, president of the Illinois conference.

## No More Bodies Found in Texas.

Sherman, Tex., May 18.—No more bodies have been found in the track of the tornado, although many thousands have followed it from one end to the other. There have been but two deaths at the hospitals in the last twenty-four hours—Miss Sophia Pierce and Mattie Lake, colored. Interment of the storm victims was made Sunday. Religious services were generally abandoned, the clergy and their respective congregations being busily engaged in the hospitals.

## Spain May Invoke the Powers.

Paris, May 18.—The Gauls says that Senor Canovas del Castillo, the Spanish premier, is about to ask the intervention of the European powers with regard to the interferences of the United States in Cuban affairs.

## DEBS FOR PRESIDENT.

Trade and Labor Assembly at Chicago Indorses Him.

Chicago, May 18.—The principal and most important business of the labor congress at the regular meeting held yesterday afternoon was to nominate a candidate for president of the United States. After prolonged discussion the following resolution was adopted: "Resolved, That we submit to organized and unorganized labor of the United States Eugene V. Debs as being the best fitted to be chosen as the leader of the industrial classes in the coming conflict of the forces of pure democracy against the aggressions of aristocracy."

Sylvester Kelher, grand secretary of the American Union, argued for united action on the part of the laboring men of the country who were facing a crisis of gravest nature, and substantially indorsed the candidacy of his chief for the high office.

A Butter Print,  
A Calico Print,  
A "Tramp Print,"  
"The Gazette Print."

A "Butter Print" is used to mold and print butter.

A "Calico Print" is used to make ladies' wearing apparel.

A "Tramp Print" is used to tramping around over the United States, giving "advice" to country editors.

"THE GAZETTE PRINT" is altogether a different kind of a "print". Those business-like, attractive posters hand-bills, or pamphelets, or circulars, or catalogues, which you see attracting so much attention, say down in the lower left-hand corner "The Gazette Print." WE PRINTED THEM. Here are some prices:
